

APPENDIX - Potential Performance Measures

ENFORCEMENT: Police	Data Source	Performance Measures (per calendar year)
Enforce DUI / OVUII laws	Police	# of DUI /OVUII arrests (total for county & by district, if possible) # of DUI arrests with prior arrest in past 10 years # of arrests for OVUII - drugs
Publicize and enforce zero tolerance laws for under 21		# of DUI arrests (<21 years old) # of "use & lose" citations # of "social host" citations
Control high BAC and repeat offenders		# of arrests for driving while license is suspended or revoked
Conduct regular well-publicized DUI check-points		# of sobriety check points per year # of arrests from sobriety checks # of sobriety check points which had media coverage
Increase appropriate alcohol & drug testing of crashes involving injuries		# of police ordered tests for alcohol: breath tests and blood tests # of police ordered tests for drugs: urine tests and blood tests
Increase Drug Recognition Evaluation (DRE) Staffing		# of current officers with DRE training as of December # of police officers who received DRE training during year
Implement vehicle sanctions for repeat offenders and driving with license revoked		# of vehicle sanctions for repeat offenders # of vehicle sanctions for driving with license revoked
Conduct well-publicized compliance checks of alcohol retailers to reduce sales to underage persons	Liquor Control /	# of compliance checks # of citations from compliance checks # and type of citations/sanctions on liquor outlets
Increase alcohol server training		# of server trainings # of liquor outlets which participated in training
Increase penalties for motorcycle unlicensed, speeding, or impaired drivers	Judiciary	# of citations for inadequate motorcycle license # of citations for motorcycle speeding
ENFORCEMENT: Courts (Civil)		
Suspend driver's license administratively upon arrest	ADLRO	# of administrative driver license revocations # of rescissions (dismissals)
Require ignition Interlock for license reinstatement		# of ignition interlock permits issued.
ENFORCEMENT: Courts (Criminal)		
Prosecute, Impose sanctions on and treat DWI offenders	Prosecutors Judiciary	# of DUI cases prosecuted # of DUI dismissals (# not served) # of DUI convictions / arrest (conviction rate)
Reduce processing time for DUI arrests		# of days for average DUI process (from arrest to disposition of case) # of cases meeting 90 day goal
Control high BAC and repeat offenders		Implement: 1) DUI court 2) Separate tracking of repeat offenders
Screen all convicted DUI offenders for alcohol problems and require treatment where appropriate		# of DUI referrals for alcohol/ drug assessment # of cases screened within 30 days of referral # of treatment referrals for which treatment completed within 30 days
EMERGENCY MEDICAL SERVICES		
Support police departments to adopt mandatory blood draw for injury causing crashes	ER	# of legal blood draws per year for alcohol & for drugs by ER # of medical draws for alcohol and/or drugs by ER # of requests to police for legal draws by ER
Employ screening and brief interventions in Health care settings		# of ER's using alcohol screening and brief intervention tool
ENGINEERING		
Pursue on a priority basis, projects identified in the Hawaii Safety Improvement Program with known histories of crashes	DOT/ County DPW	# of high crash locations which had analysis and number with a plan developed
Interventions based on timely, accurate crash location data		# of high crash locations with engineering improvements implemented
DATA & SYSTEMS		
Improve traffic safety data to be more timely, accessible, integrated, complete and usable	NHTSA	[NHTSA review?]
